## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on January 29, 2008 has been entered.
2. Applicant's January 29, 2008 Information Disclosure Statement has been reviewed. It is noted that references AB-AG, AI and AJ, from Sheet 5 of 5 of this IDS were not included with the January 29, 2008 RCE. Thus, these references have not been initialed and not reviewed as evidenced by lines drawn thru each reference not submitted. Note the attached PTO-1449.
3. Applicant's proposed "AMENDMENTS TO THE SPECIFICATION" are acceptable. Thus, this page has been entered into the record.
4. Claims 1-20 are allowed.

5. The following is an examiner's statement of reasons for allowance: The prior art, either alone or in combination, does not disclose nor suggest, a method of processing a plurality of discrete events, each discrete event comprising a plurality of independent sub-events, distributing each discrete event into one of a plurality of segments, each segment comprising a sequence of at least one discrete event to be processed, maintaining a data table, the data table containing data associated with each of the plurality of segments, initiating each of the plurality of segments to execute concurrently on at least one processor, processing events/sub-events, monitoring the segments, deactivating each segment for failure, retrieving initialization data, re-initializing each failed segment with the initialization data corresponding to the failed data and re-initiating each failed segment, in combination with the other claim 1 language. Also, the Examiner is in agreement with Applicant's January 29, 2008 Statements regarding the patentability of claims 2-20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew Joseph Rudy whose telephone number is 571-272-6789. The examiner can normally be reached on Monday thru Friday.
